Superintendent's Highlights

Thirkill Elementary School designated a "merit" school for the third year in a row.

Ninety-five percent of the staff required to take the "Idaho Comprehensive Literacy" course have completed the course satisfactorily.

A District web site has been established which allows most parents to track the educational progress of their children on a daily basis. Some teachers use it and others don't.

We have established a new "Cisco" training program for students and community members. Completion of this program prepares one for advanced network training or entry level to the world of high paying employment.

Progress Towards Meeting District Goals

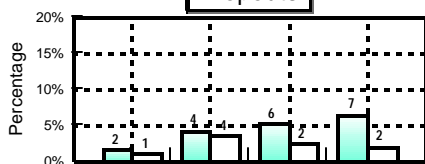

1999-00 Goals	Progress
Math and Language Arts Curriculum	Math and Language Arts curriculum have been reviewed and are in the final stages of revision to match the state recommended standards.
Our goal is to have our top students graduate from High School with at least one semester of college completed.	Each year we add at least one additional Distance Learning opportunity for the High School students.
Skill Grouping	Hooper Intermediate School is "skill grouping" across the 4-6 grades for two hours each day. Grade and age are ignored as the students are instructed in specific skill areas of need.
Fiscally Responsible	The District continues to operate in a fiscally responsible manner by maintaining a healthy fund balance. This allows the District to make long range plans for school improvement.
